

Dear Reader,

Our sales engine is firing on all cylinders, and max.xs' wheels are spinning: More excellent news is coming in close succession. Following last week's agreement with Rothschild & Cie Gestion, today we can inform you of another high-calibre strategic product partner in our growing max.xs family. What is more, the broader product offering also enables us to shift our distribution efforts into higher gear.

Kind regards,

Dr. Oliver Roll, Managing Director

Partnerupdate

Kleinwort Benson Investors is the most recent Asset Manager to enrich the max.xs partner and product portfolio

We are excited to announce that max.xs and Kleinwort Benson Investors Dublin Ltd have entered into a strategic cooperation to distribute the KBI Funds and Asset Management Services to Institutional and Wholesale Investors in Germany. As part of its international growth strategy, KBI will register five top products for public distribution in Germany. max.xs has taken on the task of conducting the full range of market entry, sales and client service measures.

Kleinwort Benson Investors is a specialist for Global Dividend Equity strategies and Thematic Environmental Equity Strategies. With a track record of over a decade, KBI offers specialized Asset Management solutions in Alternative Energy, Water, Clean Tech, Climate Change, Agriculture and Global Environmental Solutions. With their strategies focusing on the financial and environmental dividends, KBI is certain to stir significant interest with German investors.

Eventupdate
